 - **Frontend:** React.js, Next.js, React Native, HTML5, CSS, Bootstrap
 - **Backend:** Node.js, Express.js, REST APIs, JWT Authentication
 - **Database:** MongoDB, SQL, MySQL, Sequelize
 - **Tools & Concepts:** Git, GitHub, Postman, Firebase, RBAC, CRUD Operations, API Integration
-

EXPERIENCE

Associate Software Developer

Brassy Academy and Consulting Pvt. Ltd.

Feb 2025 - Present | Tirunelveli, Tamil Nadu

Impact

- Reduced workflow errors by 30% by developing batch and attendance features for the LMS admin panel.
- Improved system efficiency by 25% through feature optimization, code refactoring, and resolving production issues.
- Enhanced instructor workflow management with improved CRUD operations, search functionality, and reusable components.

Key Contributions & Projects

- Worked on LMS modules including attendance, workshops, batch handling, and work session management.
- Developed a role-based booking management system with authentication, booking monitoring, and calendar workflows.
- Built a Sales CRM dashboard for managing land sales leads, customer records, and sales workflows.
- Developed scalable web applications using Next.js, React.js, SQL, MongoDB, and REST APIs.
- Resolved bugs and optimized features to improve application stability and user experience.

Intern – Brassy Academy (Nov 2024 - Feb 2025) | Tirunelveli, Tamil Nadu

- Trained students in React.js and JavaScript while gaining experience in React Native, Firebase, and API integration.
-

PROJECTS

Avothar Sales CRM

Tech Stack : Next.js

- Developed a CRM dashboard for managing land sales leads, customer records, and sales workflows.
- Added advanced filtering, search functionality, and reusable admin components for better usability.
- Integrated frontend and backend APIs for real-time data handling and management.

Brassy Academy LMS (Learning Management System)

Tech Stack : Next.js

Live Link : [Brassy Academy](#)

- Developed and enhanced LMS modules including attendance management, workshops, batch handling, and work session management for Admin and Instructor panels.
- Implemented dynamic search filters, CRUD operations, and reusable components to improve workflow efficiency and usability.
- Resolved production bugs and optimized existing features, improving application stability and user experience.

Avothar Booking Management System

Tech Stack : Next.js

- Built a role-based Admin & Staff booking platform with room availability tracking and booking monitoring.
- Implemented authentication, dashboard management, email notifications, and calendar-based booking workflows.
- Developed scalable APIs and dynamic CRUD operations for operational management.

Avothar Website

Tech Stack : React.js

Live Link : [Avothar](#)

- Developed a responsive business website for Avothar Kookal using reusable React components.

EDUCATION

Master of Science in Physics

St. John's College, Palayamkottai, Tirunelveli (under Manonmaniam Sundaranar University) | 2022 - 2024

Bachelor of Science in Physics

St. John's College, Palayamkottai, Tirunelveli (under Manonmaniam Sundaranar University) | 2019- 2022

COURSES & CERTIFICATES

MERN Stack Developer Course - Brassy Academy and Consulting Pvt. Ltd.

Sep 2024 – Nov 2024 | Tirunelveli, Tamil Nadu
